KHS-TV: Our Program Opens With a Brief Look At Our School Life.

Throughout our school will be found a blending of the new with the old, the academic with the non-academic.

Kendallville High School, ever alert to the needs of the students, helps lay the groundwork, both educationally and socially, so that each may take his place in the world. To do this, there must be an ever-changing curriculum to meet the requirements of the times. New subjects are added, and improvements are made on the traditional. Many non-academic organizations, all with a definite purpose, are offered to complete this program. We have the opportunity to develop our talents in the fine arts, in athletics,

in dramatics, and in service to others. We are proud and happy to welcome new students into our midst that they may share in these experiences.

Ever learning, ever growing, ever improving has become our challenge. We are proud of our school which offers so much to its student body.

Our Time Is Spent In Many Ways.

We Learn From Those Who Know.

LORIN A. BURT

Our superintendent, Dr. Lorin Burt, is experiencing his second year with the Kendallville Public Schools. During this short time, he has directed the task of our remodeling and building program. This job is still not finished, as plans are being made for additional remodeling.

Dr. Burt has been an active figure on the Noble County school reorganization committee, which hopes through analysis of existing conditions, to recommend a reorganization of Noble County schools into more efficient and effective units.

THE ADMINISTRATION: *Always Working To Improve Our School.*

Kendallville students owe much to our administration, for it is through their efforts that our school is accredited by Indiana as a first class commissioned high school.

The administration has capably completed the project of remodeling the Sheridan Street gymnasium into three departmental areas and a boys' gym-lunchroom combination, thus making the long-awaited cafeteria a reality. The industrial arts department includes a drawing room and metal and woodworking shops while the agriculture department has a farm shop adjoining its classroom. The hand benefitted from the remodeling by gaining a larger room plus individual practice rooms.

SCHOOL BOARD

Working jointly with Superintendent Burt as well as with other school officials and the community to make our school the best are the members of the Board of Education: Mrs. Ruth Mary Friend, Robert Jack, and Elmer Seagly.

ROYAL W. TRITCH

The administrative director of all high school activities is Mr. Tritch, the senior high principal. In addition to seeing that the policies of the school are carried out, Mr. Tritch works closely with each student in scheduling classwork so that each one will have the required credits for graduation and the academic majors and minors.

Mr. Tritch is also responsible for individual transfers and transcripts which may be needed many years after a student's graduation.

FRANK J. SCHWAB

The junior high principal, Mr. Schwab, assists underclassmen in making the adjustments to our high school system. His work starts with the seventh and eighth grades. For the freshmen, who come from five separate school systems, he suggests their curriculum and helps them work out personal problems.

SECRETARIES

Mrs. Gwendlyn Wall and Mrs. Elizabeth Thrapp are secretaries to Dr. Burt. They maintain official data, act as school treasurer, and perform clerical duties for the entire school system.

The secretary to Mr. Tritch is Mrs. Adele Ruderman whose duties are varied and numerous. She does everything from issuing admits to listening to complaints, from keeping records to composing announcements.

These Groups Help Solve School Problems.

STUDENT FORUM

Student Forum is a student organization that rules on student opinions and problems and makes suggestions to the Board of Control. Student opinions are submitted through the suggestion box across from Mr. Tritch's office. The Forum is composed of three representatives of each high school class and two from both the seventh and the eighth grades. Two faculty sponsors are elected by the Forum.

BOARD OF CONTROL

The Board of Control is a joint attempt by teachers and students to maintain a good high school. They discuss subjects not under the authority of the Board of Education, as well as those suggested by the Student Forum. It consists of the junior and senior class presidents, a girl and a boy elected by the student body, Mr. Tritch, and four appointed teachers.

Ginny Rollins, Mr. Metz, Mr. Ferrario, Mr. Tritch, Mr. Schwab, Mrs. Smith, Larry Allen, Gary Miller, George Steckley.

SENIOR HISTORY: *The Record Of The Wonderful Years At K.H.S.*

Can you remember "The Plight of Madeline De May?" If you are a senior, you do. It was the play presented in our Freshman-Parent Night program. This was not, however, the only big event of our freshman year. There was also a skating party at Silvermoon.

Our next big day was just a little over a year later when our class sweaters arrived. They were black with a white Old English "K".

Things began to really pick up in our junior year, which started off with a record-smashing magazine sale. For the first time in the history of Kendallville High School, a junior class sold more than \$4,000 worth of magazine subscriptions. Next on the agenda was the class party, "Country Carnival," which was held at the North Side gym. Soon after this, the class rings, which, to us, were the best-looking rings in the world, arrived. At the end of the basketball season, we held the annual dance in honor of the basketball team. And then came May and with it the most important event of a junior's career, the Junior-Senior Prom.

But, finally, the big year arrived, our senior year. With the beginning of school last fall, we found many things that needed our attention. There were name cards and announcements to be ordered, pictures to be taken, a yearbook to be published, and other things that needed our attention as seniors. Spring found us being entertained by the juniors at the Prom, attending baccalaureate, and most important, being candidates for graduation.

As we leave this school, we should remember, even more than ever before, the motto of our class: "Not at the top, but climbing."

JUNIOR-SENIOR PROM: An Evening For Memories.

Representing New Orleans during Mardi Gras, the little gym was the scene of the Junior-Senior Prom last spring.

While Jimmy Stier's orchestra played from a stage decorated as a dock with a large paddle-wheeler along side, the guests danced in a street lined with many colorful stores. Gary Miller, master of ceremonies, introduced the evening's program.

Junior History

The first event of the busy year for the junior class was the election of officers: George Steckley, president; Kirk Wible, vice-president; Judy Davis, secretary; and Connie Krotzer, treasurer. Those chosen to represent them on Student Forum were Nancy Mains, Dick Nartker, and William Grant.

With the help of their sponsor, Mrs. Kimmell, the juniors initiated their first big project, the magazine sales. They were successful in breaking last year's record with an all time high of \$4,125.

It was a special day when their long-awaited class rings finally arrived. Each student displayed his with much pride.

Following the final basketball game of the season they honored the varsity team at a record hop in the gymnasium.

Climaxing the year for the junior class was the Junior-Senior Prom. It was as much fun as each had anticipated, but their thoughts are now turning to the responsibilities and activities of the senior year.

Freshman History

Freshmen, coming from five distinct elementary school systems, quickly became adjusted to Kendallville High School, organized their class activities, and under the direction of Miss Steckley, their sponsor, were ready to present the annual Freshman-Parent Night program October 29.

"Freshmen on Parade," a clever parody on "Sweethearts on Parade," was sung by a freshman chorus as the class entered the auditorium, and this keyed the entire program.

With Dan Diggins and Brenda Wilondek as narrators, the freshmen paraded the curricular and extra-curricular activities in which they participate. A bit of old Rome came to life as Latin students in Roman dress discussed life in ancient times. Ag boys told of FFA, and biology students displayed leaf collections to further represent the classes in which freshmen enroll. Dramatics and instrumental music, two extra-curricular activities, were demonstrated by a comic skit and by several selections

from a freshman band.

An open house for freshmen to acquaint their parents with the teachers and the school was held before the program. Refreshments were later served by Miss Vardaman's advanced home economics class in the little gym.

Although Freshman-Parent Night was the biggest undertaking of the freshmen class, they also had a class party March 18. The cafeteria was decorated for a barn dance, and round and square dances formed the entertainment.

The class of 1963, numbering nearly 150, held their organization meeting early in September. Dale Blech was chosen as president; Melody Chrysler, secretary; Judy Schneider, vice-president; and Sue Fisher, treasurer. Elected to the Student Forum were Nancy Butterbaugh, Pat Lundy, and Charlie Bodenhafer. Two of the class also gained another honor; Judy Schneider and Nancy Butterbaugh were chosen as the cheerleaders for the Meteors.

ATHLETIC DEPT.: *Emphasizing Good Sportsmanship.*

K.H.S., a member of the Northeastern Indiana Athletic Conference and the Indiana High School Athletic Association carries on varsity competition in five sports. Football and basketball lead in popularity, followed by the spring sports: track, baseball, and golf.

The purposes of the athletic department are to create sportsmanship and competitive spirit, to produce winning teams, and to make physically

fit boys. The department sets up athletic schedules and fulfills our obligations to our own conference. Because of this inter-school activity, the athletic department is largely responsible for our good relationships to other schools in the area.

Composed of responsible and fine men, the coaching staff is dedicated to boys, sports, and sportsmanship.

K-KLUB: Those Who Have Earned Their K.

The K-Klub worked during many of the athletic events of the school. During football games, they were selling hot coffee and hotdogs. During basketball games, they checked coats and sold gum and candy between halves.

A Dad's Night to honor the fathers of all the players was held at a basketball game this year for the first time. Coffee and doughnuts were served to the fathers at half time and also between games.

Directed by Mr. Abbs, the K-Klub carried out these activities and also held two banquets honoring outstanding athletes.

FOOTBALL: *Fighting Hard To Gain Victory.*

In a season marked with hard-fought battles, the Comets won three and lost six. Losing eleven men from last year's team proved a test to Coach Ferrario, but with the assistance of Coach McIntosh and Coach Czupryn the team came through with what we believe to be a good season.

Although the Comets did not impress many

people with their team strength, individually the players were given recognition by being placed on honorary teams. Marvin Hart was listed honorable mention on the all-state team. On the all-conference teams Marvin Hart and Cecil Hazelton made first team; Dave McFarlin, second team; and John Gehring, Barry Graden, John King, honorable mention.

JUNIOR VARSITY

The junior varsity football team finished their season with a two and four record. Coached by Mr. Czupryn, Mr. McIntosh, and Mr. Ferrario, the team played rough and looked as if they were becoming better prepared for varsity action. Although they did not have a winning season, their performance makes prospects for next year seem bright.

JR. HIGH FOOTBALL:

Working Hard For The Coming Years.

While the majority of fans were concerned mostly with the varsity and the junior varsity football, the junior high team was very actively preparing for the future Comet team.

Coached by Mr. Mory, Mr. Czupryn, and Mr. Deeter, the seventh grade played out a 7 to 7 tie with the Angola Hornets in their only inter-school game. The eighth grade came out with an even season, beating Angola and losing to Howe Military. Both teams were well coached and often played very good ball.

BASKETBALL: *Our Share Of Hoosier Hysteria.*

The varsity basketball team posted an overall record of 11 wins and 13 losses including tourney play.

Although hopes were high for a good season, this year was a series of ups and downs for the Comets. The team was up well for the Sectional, however, defeating three foes before losing in the finals to Albion.

In N.E.I.C. play, the Comets' record was a mediocre three wins and six losses which put them in sixth place in the conference standings.

K'ville hosted the annual Holiday Tourney during Christmas vacation. The tourney was won by Concordia in two thrillingly close games, one by defeating the Comets by one point, 70 to 69.

The Comets will lose seven seniors by graduation. Returning next year will be two regulars and three other lettermen, so a year of rebuilding can be expected.

Seven wins and five losses were posted by the baseball team last spring. Composed mostly of underclassmen, the team had only two seniors in the starting line-up. With seven regulars returning to action, Coach Rhodes is expecting an especially fine season with a hope of being in the

middle of the battle for the N.E.I.C. crown.

The baseball schedule has been moved back this year for the first time to avoid confusion with the track schedule. Thus, boys will be able to concentrate on one sport at a time.

BASEBALL AND GOLF: Sports Attractions Of Spring.

The golf team, coached by Mr. Mory, again showed signs of a superior rated team last spring. In addition to winning the conference title, their season record was eight wins against three losses.

Three of the team ranked high in the confer-

ence meet. Bill Matthews was low medalist in this meet, and Brian Bailey was second low medalist. Although Trent Patterson was fourth low medalist in the conference meet, he had the lowest average score of the season.

Cindermen of K.H.S. last spring posted an especially fine record. The Comets won six meets while losing only two.

The team won several honors at the Kokomo and Goshen Relays, and they finished in second

place at the Sectional meet at Elkhart.

The season was highlighted by the breaking of both the mile and half-mile relay records. The mile standard was lowered to 3:40.5, while the half-mile record was chopped to 1:36.0.

Have you noticed? Something new has been added to the Pep Club. Boys! Cheers from both sections and from the cheerleaders have helped the Comets on to victory. Members of the club wore white blouses or shirts at home games. For the Sectional they also wore red derbies to add a colorful touch to the cheering unit.

Officers of the Pep Club were Nancy Casselman, president; Jill Jollief, treasurer; Connie Coney, vice-president; Jan Renkenberger, secretary; and Mrs. Smith, advisor. Marty Gussaullus, Pat Cochard, and Drenda Cox directed the cheers.

CHEERLEADERS: Supporting The Team To The Last Second.

Remember how we cheered as that last minute basket was made—how we thrilled as that long awaited final touchdown was scored—the way we shouted as we awaited the breaking of the tape? All this is known as school spirit, and our cheerleader helped to unite and to strengthen that winning spirit. By leading well-organized cheers, they aroused the enthusiasm of the K.H.S. fans at games both home and away.

G.A.A.: Girls Are Sports-Minded, Too.

A "coke party" to acquaint the freshmen and other new girls with G.A.A. started the activities for the Girls Athletic Association, an active organization at K.H.S.

Initiation services were held for 16 girls in November and for a small number in the spring. Peggy Sparrow, Carolyn Swander, and Sandra Grady achieved the necessary 350 points required to earn the State G.A.A. award.

Activities for the fall season centered about archery and recreational sports. Other sports included in their program were ring tennis, basketball, softball, tumbling, and tennis as well as social dancing. For the first time G.A.A. and their guests this year attended a Komet hockey game, and they also sponsored an all-school dance April 1.

G.A.A. provides opportunities to meet members of G.A.A. from other schools. Such an opportunity was given to eleven members November 21, when they attended the District playday at Huntington.

CAREER DAY: A Brief Look At Vocations.

Leo Hauptman, registrar at Ball State Teachers College, addressed the student body in the high school auditorium at the Sixth Annual Career Day. After his speech, every junior and senior attended two meetings in which a counselor told them the advantages and disadvantages of his profession. Following the talk by the counselor, each student asked questions which pertained to his own situation. This program is designed to give K.H.S. students a chance to learn more of the occupation which they wish to pursue for the remainder of their lives.

STUDENT HELP: Giving Valuable Aid To Others.

OFFICE HELP

Several students work as assistants in the offices of the principal and the superintendent where they perform innumerable tasks every day. These consist of operating the switchboard, running errands, delivering messages, answering the telephone, picking up absence and lunch slips, typing, and mimeographing. They also help with report cards and book rentals.

LIBRARY ASSISTANTS

Library assistants help students locate material, check out books, and aid Miss Gilliland with library routines. These girls attend library conferences and workshops and belong to H.S.L.A., the Hoosier Student Librarians Association. Nancy Mallon has been an assistant for four years.

SPOTLIGHT: A Monthly Report.

The Spotlight underwent two major changes this year: one in staff organization and one in the appearance of the paper itself.

The school paper, which has been a by-product of a class in journalism since 1934, this year was done as an extra-curricular activity under the direction of Miss Clouse. Officers were elected in the fall to serve for the school year.

The new look for *The Spotlight* is the printed look, not mimeographed. Not since the days of *The Oracle*, which was published forty years ago, has K.H.S. had a printed school paper.

KAY AITCH ESS: A Pictorial History.

We, the yearbook staff, are presenting the *Kay Aitch Ess* of 1960 hoping that, as you turn its pages, each of you may remember the happy events of the past year at K.H.S.

The work began in September when many meetings were held to decide on the theme and general appearance of the book. Editors began laying out page dummies, and business managers started treading the halls and sidewalks selling ads. Flashbulbs began popping throughout the school as the photographers tried to get exciting pictures of all the different club and curricular activities. Time flew very rapidly, and before copywriters knew it, they had to burn the midnight oil to get their copy written.

The yearbook staff hopes this edition of the *Kay Aitch Ess* proves satisfactory to all who read it.

ADVISORS: Mr. Mundy, Miss Gililand, Mr. Metz.

Members of the yearbook staff met in the library to receive instructions for writing copy.

F.T.A.: Getting An Insight To The Future.

"Quest for Quality" was the theme of the local chapter of Future Teachers of America for the 1959-60 school year.

Although many interesting meetings were held, the one meeting which was outstanding was the Tri-City Meeting at the North Side School. Dr. Leo Hauptman of Ball State Teachers College, the guest speaker of the evening, talked to students attending from Auburn, Angola, and Kendallville.

Representatives attended the fall State Conference at the I.S.T.A. center at Indianapolis on October 10 and the spring State Conference at Purdue April 23. Several of the juniors visited classes at Manchester College and attended a meeting of S.E.A. in celebration of Teaching Career Month.

Eleven of our senior members did exploratory teaching in the grades during the year.

Nancy Stienbarger did student teaching in a second grade room.

GIRLS' AND BOYS' STATE: *Learning How Our Country Is Run.*

Boys and girls from all parts of Indiana each meet for one fun-filled week on the Indiana University campus each summer to study and learn about the practical politics of Indiana government. By attending Boys' or Girls' State, high school students are taught to be better citizens through study and experience.

"We, the younger generation, are striving now to build a better world. Peace and unity, freedom and brotherhood, these we have set to be our goals." Y-Teens, a Christian organization, is working to make this world a better world in which to live. Y-Teen members work co-operatively together at conferences, community projects, and international friendships to become better citizens, better leaders, and better Christians.

Some of the activities of the Y-Teen club were as follows: honoring our mothers and fathers at a Dessert Party, entertaining children at a Christmas Party, and holding a Special Guest Night. The club also held a formal dance, "Sweetheart Serenade."

The members participate by leading music and devotions at our meetings or having a special part in the program. Each member is also on a standing committee.

Y-Teens strive to find and give the best. By working co-ordinately with our adult sponsors and other members, we grow as persons, grow in friendship with people of all races, religions, and nationalities, and grow in the love and knowledge of God. "Discover with Others—Join Y-Teens."

THESPIANS: Honoring Those

Working diligently to promote their aims, the local Thespian Troupe 1106 try to uphold their motto: "Act well your part, there all the honor lies."

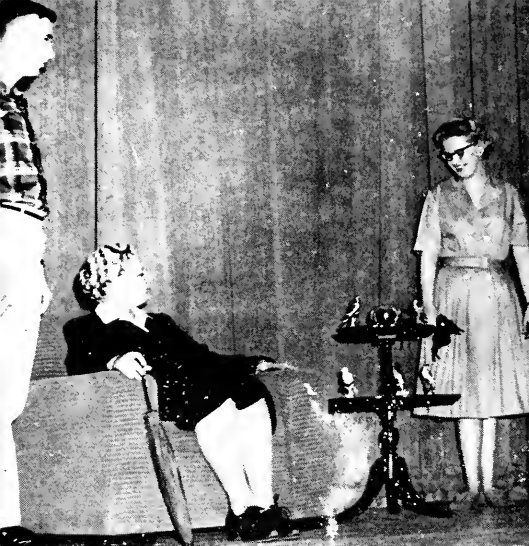

Membership in Thespians is earned by participation in supervised dramatic presentations. A person must earn ten points under the National Thespian Society Point System. At the initiation, he must demonstrate some ability he has acquired or strengthened by his participation in dramatics. Troupe 1106 has about twenty members.

The Thespian Board, which helps to plan and supervise the activities of the dramatics clubs, is composed of the officers, who preside at all meetings, and the sponsors. During the first semester Mrs. Mundy was the Thespian sponsor, and Miss Steckley, Mrs. Mory, and Mrs. Buckner sponsored Wig & Paint. The second semester brought a change due to a resignation from the teaching staff. Mrs. Buckner became Thespian sponsor with Miss Steckley and Mrs. Mory aiding Wig & Paint.

WIG & PAINT: Gaining Pointers On Acting.

Wig & Paint is an organization which provides opportunities and supervision for people interested in dramatics.

Membership is earned by presenting an original try-out at one of two meetings held for try-outs. Those accepted serve an apprenticeship for one semester during which they must prove themselves worthy of membership.

The Wig & Paint and Thespian clubs worked jointly on the two public performances held during this school year. The first program included the two one-act plays, "The Ming Thing" and "Balcony Scene," plus a Thanksgiving sketch presented by the vocal music department. The spring program was the presentation of "The Barretts of Wimpole Street," a three-act comedy.

For the Girls' Night program Sarah Gosnell and Luanne Herendeen presented a scene from "Romeo and Juliet."

AUDITORIUMS:

Programs offering instruction as well as entertainment on every subject from Shakespeare to science have been presented in auditorium this year.

The first program gave the student body the opportunity to meet new students and teachers. Then began the special guest artists: Jack Rank, Shakespearean monodramatist; Rubinoff and his violin; and Peter Tanis, lecturer on discipline in the home.

"The Freshmen on Parade," "Sing the Songs of Thanksgiving," one-act plays, choral speaking, instrumental music, and the Christmas program were presented by the students. Those who take part in either the musical or the variety programs gain practical and useful knowledge by appearing before an audience.

Professionals coming to K.H.S. give the student body the opportunity to enjoy presentations they would not otherwise see. In addition to those mentioned above, there were the Koehlers, a trampoline team who exhibited difficult aerial maneuvers; Lou Gaeta, who gave an unusual program on falconry, the sport of kings; and K. S. MacKenzie, who offered a science program about liquid air.

Mrs. Mundy had the responsibility of planning these weekly presentations during the first semester; Mrs. Buckner, the second semester.

Finer Arts.

The vocal music department, under the direction of Mrs. Stewart, participate in a great many activities during the year. At Christmas all the chorus classes with the help of the two senior sextets presented an auditorium program. The mixed chorus, consisting of ten girls and seven boys, were a part of a very colorful Thanksgiving program. The highlight of the year for the choral groups is the May Festival. This musical program is presented in auditorium for the students and later that evening for the public.

The chorus classes have enjoyed working with many different types of music during the year. Among these have been sacred, secular, and many numbers from Broadway musicals. They have also had great fun in sight-reading new music and polishing up old pieces to perfection.

With the assistance of Mrs. Stewart, sextets, soloists, and trios work very hard throughout the year for various events in which they participate. The biggest event of the year was the District and State contest. Twelve groups entered the District contest at Fort Wayne. Five received first class ratings while the remaining seven received second class ratings. The five groups that received first class rating went on to the State contest at Indianapolis.

Concert Club, a special group of girls selected from all chorus classes, is another important choral unit. The NISBOVA is the contest in which Concert Club participates every year.

BAND: Giving Us Many Enjoyable Hours.

Three cheers for the K.H.S. band! Having participated at football games and basketball games as well as in contests and concerts, the band has had a very busy year. Several of the band members went to District and State contests. Students receiving firsts at District were Kirk Wible, Sue Fisher, Eugene Herendeen, and a sax trio consisting of Roger Routsong, Melody Chrysler, and Judy Davis. The sax trio also received a first at State.

Director Copeland and the band were very happy to be one of the departments to be moved into new quar-

ters in the remodeled section of the building. The band area now contains three practice rooms in addition to the band room, an office, and a storage room.

There are fifty-four members, including majorettes, in the band, and Mr. Copeland is working hard to help them reach the goal of being one of the best bands in Indiana. Only a very small percentage of the present band members will not be playing in the band next year; therefore, the sounds and color of the band will remain much the same.

FFA: Helping Prepare The Way For Farming.

Future Farmers of America this year had a local membership of 36 with eight graduating seniors, three of whom were candidates for the Hoosier Farmer degree.

Seven, who had won their trips in previous contests, and 17 others attended the national vegetable judging contest in Washington, D. C., in December. A team composed of Ken Mapes, John Wehmiller, and Walter Ziebell placed second, and the following placed in the top ten for individual scoring: Ken Mapes, fourth; Victor Chaney, fifth; and John Wehmiller, sixth.

The ag classes in January moved into the new ag room and farm shop, where the boys learn to repair small motors and other farm equipment.

Jim Frey and Don Gehring were Hoosier Farmer award winners in 1959.

JUNIOR CLASSICAL LEAGUE: Making Latin Fun.

Roman traditions, classical mythology, and historical people live again as J.C.L. carries out its program under the direction of Miss Eminger, sponsor.

"A Visit to the Underworld" was the theme of the October meeting, and in November the members held a Harvest Festival, their harvest offerings then being given to needy families. "A Valentine for Parents" was a cleverly ar-

anged program in the format of "Masquerade Party" with the masqueraders costumed as mythical or real figures of Roman times. This February program, to which the parents were invited, was repeated in auditorium.

Dressed in Roman costume, members attended a banquet in May. The program featured a Roman wedding, a style show, and scenes from "Julius Caesar."

Janitors And Bus Drivers

These two groups of men are very special although their merits are seldom told, for they work mostly behind the scenes doing their own jobs and being on call wherever needed.

The janitors and firemen perform the multitude of different and tiring tasks of school maintenance. The work is tedious, but these "men of the broom" fill their positions well.

The bus drivers have the responsibility of conveying students to and from the schools each day, a task requiring extreme care and caution. Bus service is used by those high school students living outside the city limits, and many elementary grade students are transported to their respective schools.

A Last Look At K.H.S.

We, the seniors of 1960, take a last look at our treasured school years. Fresh in our minds are the memories of the good times: the parties, the ball games, the gab sessions, the proms, and the fellowship of our classmates. Also very close to us is the additional knowledge and wisdom that we have acquired during our brief stay at K.H.S.

Time has a funny way of passing us by without leaving evidence of its visit. What tomorrow will hold is a big question in the mind of each person. But for us, the seniors, the question mark looms even larger. One year from now the average person will be doing the same thing that he is now doing. But this year we are not the average; graduating from high school is one of the big steps in life. For us, a year's time may bring marriage, trade school, the armed forces, college, or a job.

The future offers a challenge; can we accept it? The past has given us a basis on which we will be able to climb toward our goal. Whether or not we reach our goal, only time can tell.
